20th February 2019

Myddle, Broughton and Harmer Hill Parish Council applied for and have now received an Environmental Maintenance Grant from Shropshire Council which also has to be match funded by the Parish Council.

The grant enables the Parish Council to employ a private contractor to carry out Environmental Maintenance in the parish.

Mr Marco Busi has agreed to work on an hourly rate to carry out this work in the parish.

We look forward to seeing the benefit of his work over the coming months.
